Briggs & Stratton, a trusted brand for nearly a century, is proud to offer the Briggs & Stratton Series of Home Generator Systems. Featuring affordable options from 7kW - 10kW, these systems offer a permanent, reliable solution to power failure and provide a continuous connection to natural gas or propane for years of uninterrupted operation.

Permanent protection from a proven performer.

7kW POWERNOW!
7kW MANUAL
7-10kW AUTOMATIC
The 7kW Dual-Mode backup generator provides you with the best of both worlds. Rain or shine, you can get immediate backup power within an hour without permits or installation, and the cycling operation of multiple electrical appliances—fuel flow rates may vary depending on these factors.

The generator provides endless run time (gas grill tanks sold separately).

**7kW PowerNow!**

**Affordable, Flexible Backup Power (40248)**

The 7kW Dual-Mode backup generator provides you with the best of both worlds. Rain or shine, you can get immediate backup power within an hour without permits or installation, and the cycling operation of multiple electrical appliances—fuel flow rates may vary depending on these factors.

**PowerNow! Mode**

System Includes a twin propane tank assembly and mounting pad for up to 12 hours of run time (gas grill tanks sold separately).

**Permanent Mode**

A simple connection to your electrical system and a permanent fuel supply (propane or natural gas) will provide you with years of ready to go backup power. (30 Amp GFCI Manual Transfer switch sold separately. Model number: 71014)

### Automatic System Features:

- **Fully Automatic** – Advanced electronics will detect a utility power outage and automatically start the generator whether you are home or away. (Our manual 7kW generator offers an affordable option with remote start.)
- **Continuous Fuel Supply** – A permanent connection to natural gas or propane delivers uninterrupted performance with no messy gasoline storage and refueling.
- **Contemporary, Space-Saving Design** – The most compact and functional design on the market provides for location flexibility and an attractive, subtle yard presence.
- **Quiet Operation** – Engineered air passages, an automotive-style exhaust system and acoustic foam dampeners ensure 50% quieter operation than most portables.
- **Durable Outdoor Enclosure** – Each system features professional rust-proofing and premium storm gray automotive paint for maximum durability and all-weather protection.
- **Computer-Friendly Power** – Advanced alternator technology provides safe and stable power for computers and other sensitive electronics.
- **Strong Warranty** – Your guarantee of quality & performance. The 7kW systems feature a 2 year limited warranty. The 10kW systems feature a 3 year limited warranty.
- **Legendary Service & Support** – From professional sizing and selection to installation & service, trust the proven experts at Briggs & Stratton for complete peace of mind.

**5 Year Limited Warranty**

- **PowerNow!**
- **Manual 7kW**
- **Automatic 7kW**
- **Automatic 10kW**
